Hospital Sisters Mission Outreach is a medical surplus recovery organization (MSRO) that secures useable medical supplies and equipment from 73 hospitals and clinics in Illinois, Wisconsin, Indiana, Kansas and Missouri.

Mission Outreach has equipped more than 530 mission hospitals and clinics in over 90 countries with more than $75 million in donated supplies and equipment.

About Us

Our Goals

Current Status
Equipment Donated vs Equipment Needed

“Ninety-five percent of developing world hospitals served by Mission Outreach need biomedical equipment. Current inventory volumes allow us to meet only 51% of the need. You can be part of a comprehensive plan to increase our capacity to meet 80% of the need over the next five years.”

Biomedical Services

- Assessment and repair
- Equipment sourcing
- Distance learning
- In-country consultation

www.mission-outreach.org
Frequently Requested Equipment
(listed in order of priority)

- Anesthesia machine
- Ultrasound for OB&G
- Portable Ultrasound
- Portable Digital X-ray
- C-arm Imaging System
- Lab Microscope
- Oxygen Concentrator
- Patient Monitor
- Fetal Monitor
- EKG Unit
- Electrosurgical Unit
- Infant Warmer
- Infant Incubator
- Phototherapy Light
- Table-top Autoclave
- Defibrillator
- Centrifuge
- Beds (standard, special care, birthing)

Manufacturers of Biomedical Equipment know:

- Biomedical equipment saves lives
- Donation of quality medical equipment builds brand loyalty in emerging markets
- Donating to an accredited medical surplus recovery organization ensures the best use of precious equipment

Trade Ins:
A Win-Win for All

Manufacturers:
- No cost for pick-up, storage, repair, or relocation
- No competition for new models
- Customer satisfaction
- Indemnification against liability

Hospitals:
- Favorable pricing
- No storage or disposal cost
- Community benefit
- Indemnification against liability

Recipients:
- Access to high quality, donated biomedical equipment
- Increased knowledge of benefits and trends in biomedical technology
- Better support for clinical staff
- Improved health outcomes

What people are saying about Mission Outreach...

High quality biomedical equipment is an integral part of patient care. Making sure the equipment that is no longer in use at our hospitals is made available to those in need as quickly as possible is a high priority and the right thing to do.

-Bob Beyer, Vice President, Supply Chain Services
Hospital Sisters Health System

Hospital Sisters Mission Outreach has introduced modern medical technology to a part of the world that had never benefited from these innovations. From an X-Ray, to Ultrasounds, to laparoscopy, to a CT Mission Outreach has brought all these pieces together for our hospitals.

-David Gaus M.D.
Founder and CEO
