

## Funding

Mission Outreach is a non-profit organization that is dependent upon donations, grants and handling fees. The value of the contents of a 40-foot shipping container will vary between \$120,000 and \$450,000 per container. You will not be charged for the contents. Mission Outreach fundraises to cover the majority of our cost, but we do require that you cover a small portion our cost (trucking to collect equipment, packaging, inventory maintenance, and storage), shipping including in-country transportation. The breakdown below is typical.

Cost/Value	Mission Outreach Contribution	Recipient/Sponsor Contribution
Mission Outreach Cost \$33,000	\$25,000	\$8,000
Shipping \$7,000	N/A	\$7,000
Value of Contents* \$160,000	\$160,000-average in-kind contribution	N/A
In-Country Cost \$2,500	N/A	\$2,500
Total Cost/Value \$202,500	\$185,000	\$17,500

\*Average value of contents provided by Mission Outreach as an in-kind donation

**The average recipient must raise \$17,500 to receive \$160,000 of valuable medical supplies and equipment.**
